DIRECTOR'S NOTE

PECOS BILL is being produced as a shameless and blatant attempt to entertain you. It has no other redeeming social value.

I wrote the show in order to provide a wide range of opportunity for a wide range of ages and abilities. In most cases, it has accomplished exactly what I intended—that it should be **fun** for all the participants, fun in the sense of providing recreational and creative opportunities, and fun in the pride of doing a job well.

Our hope now is that it will be fun for you as well. Sit back, relax, and enjoy.

Gary Heilsberg

UPCOMING EVENTS

YOU KNOW I CAN'T HEAR YOU WHEN THE WATER'S RUNNING has the distinction of having both the longest title and the most directors of the season. It is an evening of four one-act comedies, each of which will be directed by a member of S.L.T.'s Directors' Workshop.

Plan now to attend, August 18 through August 22. Not only will you enjoy a hilarious evening, but you'll be showing your support for the young talent of the community.

Our first show of the fall season is Neil Simon's heart-warming comedy, **CHAPTER TWO,** recently a very popular movie. It opens September 15th for a five-night run. **CHAPTER TWO** is being directed by **John Dinkins,** who won applause for his role as the Emcee in our recent **CABARET.** His last directorial assignment was our production of **CARNIVAL.**

Auditions for the two male and two female roles will be held Sunday, July 12th at 2:00 and Monday, July 13th at 8:00 at the theatre.
